

GUIDE TO BUYING BY CHEST SIZE

From our experience we have put together this guide to buying by chest size as we know this confuses some parents.

We find that schoolwear is often more generously sized than other childrens clothing. The most common error we is that parents buy too big for their children, then have to exchange for smaller sizes.

Guide to Buying By Chest Size			
	Small for Year Group	Average for Year Group	Large for Year Group
Year	(Chest Size)	(Chest Size)	(Chest Size)

Year 4	28	30	32
Year 5	28	30	32
Year 6	30	32	34

Some garments will also come with these age guides on them

If buying by age we recommend customers buy the age their child will **actually** be in the September at the start of the year
